

Nederburg Wines

Proudly South African, Globally Acclaimed

2023 Drinks International World's 50 Most Admired Wine Brands

We are thrilled to announce that Nederburg has once again been selected to the Drinks International World's 50 Most Admired Wine Brands for the sixth time since the competition's inception in 2010.

The top 50 ranking is voted for by an Academy of leading Masters of Wine, sommeliers, wine buyers, journalists and other industry experts from six continents around the world. All brands featured are chosen based on three performance criteria; these are quality and consistency, price to quality ratio, and the strength of branding and marketing.

The amazing team at Nederburg works hard to maintain quality reputation and quality/value promise to customers and wine lovers. What makes it possible is a combination of terrific talent and cellar leadership, and the fact that they accord the same level of respect to all their wines and wine consumers.

Nederburg invites you to Taste, Learn and Discover.
